

IFilterMetadata

```
classDiagram
    class IFilterMetadata {
    }
    class KyooControllersPassthroughPermissionValidator_PassthroughValidator {
    }
    KyooControllersPassthroughPermissionValidator_PassthroughValidator --|> IFilterMetadata
```

The diagram illustrates a class hierarchy. At the top is the `IFilterMetadata` interface, represented by a white box with a thin border and two empty internal compartments. Below it is the `Kyoo.Controllers.PassthroughPermissionValidator.PassthroughValidator` class, represented by a gray box with a thick border and two empty internal compartments. A blue arrow with a hollow triangular head points from the top of the gray box to the bottom of the white box, indicating that the gray class inherits from or implements the white interface.
